

Style Safe 5200

Formerly marketed as **Phoenix 5200**

*The outstanding choice for
beauty and safety*

**25 Gauge (.019" min)
2" Sections**

Beauty, Choice, Safety

The Hörmann Style Safe 5200 offers custom-designed beauty and unsurpassed safety, by pairing unique carriage house door styles with our FingerGuard™ pinch-resistant joints. The virtually maintenance-free Style Safe doors feature a tough steel front and back with polystyrene core, giving an R value of 6.9. A wide range of custom designs is available to complement your home.

Deep tongue and groove section joint contribute to the door's **excellent strength**. Intermediate seals prevent air infiltration, which enhances the **insulation** properties.

The steel front and back 3-layer sandwich construction with **insulating polystyrene core** increases energy savings and provides a very smooth and quiet door operation.

Carriage house inlay designs in both **semi-custom and custom configurations** with easy to clean **Rainslope™** woodgrain texture, galvanized and **finish painted steel** provide years of trouble-free performance and beauty.

The bottom weather seal **keeps out wind, rain, debris and other elements** for added energy savings.

Hörmann Innovations

FingerGuard™ Pinch Resistant

The FingerGuard™ section joint and hinges provide air-tight seal and prevent finger injuries inside and outside.

White 11 Ball Bearing Nylon Rollers

Hörmann nylon rollers feature 11 pre-lubed ball bearings encased in a high strength steel casing that provides a quiet ride and years of reliable service.

Between Section & Side Seals

Factory installed between section weather seal and side seal offer maximum protection from the outside elements while further enhancing the insulation properties of a door.
