

Deco Safe 5250

Formerly marketed as **Tucana 5250**

*The perfect choice for
beauty and safety*

**25 Gauge (.019" min)
2" Sections**

Shown with custom painted Sanford design and 6 pane windows

Beauty, Durability, Safety

The Hörmann Deco Safe 5250 offers the beauty of recessed panel design and unsurpassed safety of our FingerGuard™ pinch-resistant joints. The virtually maintenance-free Deco Safe doors feature a tough steel front and back with polystyrene core, giving an R value of 6.9. A wide range of standard designs is available to complement your home.

Deep tongue and groove section joint contribute to the door's **excellent strength**. Intermediate seals prevent air infiltration, which enhances the **insulation** properties.

The steel front and back 3-layer sandwich construction with **insulating polystyrene core** increases energy savings and provides a very smooth and quiet door operation.

Recessed panel inlay designs with easy to clean woodgrain texture, galvanized and **finish painted steel** provide years of trouble-free performance and beauty.

The bottom weather seal **keeps out wind, rain, debris and other elements** for added energy savings.

with 2 pane windows

Davenport
with 4 & 6 pane windows

Hörmann Innovations

FingerGuard™ Pinch Resistant

The FingerGuard™ section joint and hinges provide airtight seal and prevent finger injuries inside and outside.

White 11 Ball Bearing Nylon Rollers

Hörmann nylon rollers feature 11 pre-lubed ball bearings encased in a high strength steel casing that provides a quiet ride and years of reliable service.

Between Section & Side Seals

Factory installed between section weather seal and side seal offer maximum protection from the outside elements while further enhancing the insulation properties of a door.
